^a-Please Note that this location was staked on the ground under the supervision of a Licensed Professional Land Surveyor, but the accuracy of this survey is not warranted. Please contact Arkoma Surveying and Mapping promptly if any inconsistency is determined. GPS data is observed from RTK + GRS. ADOE E-Field data shows trended or Section corners may NOT have been surveyed by the same person as the adjacent sections.

*Corner Station distances may be assumed from a Government Survey that has been recorded with the Oklahoma State Department of Transportation. The distance at a proportionate distance from section corners, or occupation thereof and may not have been measured on-the-ground, and further, does not represent a true boundary survey.
